

Investment Objective of Punjab Pension Fund (PPF) is to generate revenue for the discharge of pension liabilities of the Government of Punjab.

Performance Review

The Fund's Net Assets grew by 10.3% during 9M FY 2020-21 and reached to Rs. 82.7 billion. Equity Portfolio of the Fund led the performance of the Fund.

Fixed Income: The Fund's fixed income portfolio posed a net annualized return of 11.78% during 9M FY2020-21. During March 21, the Fixed Income portion of the Fund's portfolio posted an annualized return of 10.49% as compared 9.6% p.a. last month. The return for the month of March-21 was slightly higher as compared to previous month because of a downward movement in market yields of PIBs. The portfolio of National Saving Schemes shall support the return of the Fund for the FY 21.

Equity: During first 9M of FY20-21, PPF's Equity Portfolio posted a return of 28.78%. The significant equity market performance helped the Fund to post an overall healthy return during the 8M FY20-21.

In March-21, the YoY CPI surges to 9.05% as compared to 8.70% in last month. The rise is due to significant electricity tariff adjustment and surge in food prices. On MoM basis, inflation recorded an increase of 36 basis point. Due to resumption of IMF program and upcoming Ramzan season, inflation will remain high. The SBP is maintaining its stance of monetary policy and has kept its inflation target of 7% to 9% for FY21. The OIC of PPF is of the view that the SBP shall keep its Policy Rate static for current financial year as a policy to support growth.

Fund Facts	
Fund Type	Pension Fund
