

The Punjab Pension Fund (PPF) 's investment objective is to generate revenue to discharge the Government of Punjab's pension liabilities.

Performance Review: The Fund's assets grew by 20.24% during 10M FY 2024-25. The Government has capitalized the fund with Rs 2.5 billion during the year.

Fixed Income Portfolio: During the period under review, the Fund's Fixed-Income portfolio, which constitutes around 86% of the Fund, posted an annualized return of 19.7%. The Fund has a good mix of floating-rate and fixed-rate instruments. The floating-rate instruments provide a reasonable spread over the benchmark rates, and the fixed-rate instruments will not only provide a hedge against declining interest rates but also generate capital gains, thereby enhancing the overall portfolio performance.

Equity Portfolio: The equity portfolio, which constitutes around 14% of the Fund, posted a holding period return of 45.4% compared to a market (KSE 100 index) return of 41.9%.

The Fund is well-positioned to outperform its FY 2024-25 benchmark as it has built a good mix of fixed-rate and floating-rate portfolios. Going forward, the OIC shall maintain its fixed-income portfolio mix and equity exposure while proactively keeping an eye on the changing macroeconomic conditions.

	Fund Performance*	Fund Size (a)	Estimated** 30-yr Pension Liabilities (b)	(a)/(b)
FY09	15.00%	3.5	636.3	0.55%
